

JOIN US

Thanks to grants from the National Endowment for the Arts and the Brooklyn Arts Fund, we are able to cover about half of the execution budget for Tanfis 2023. We need your help in matching these grants. Your donations will contribute to artist development, high quality recordings and films of community music and stories, creation of remixes and new works, production of the live event, and the release of a rich digital multimedia archive of music and stories.

••• To become a sponsor, email us at community@remix-culture.org •••

A community's traditional music is its tether to the collective wisdom of past generations. Digital remix expands our imagination into a future of all possibilities. Film and storytelling move us to connect more deeply with each other. Collaboration reminds us we are greater than the sum of our parts. We harmonize these expressions to elevate underrepresented communities while building more sustainable and equitable human relationships. We thank you for enabling us to continue this important work.
